DETAILED ACTION

Allowable Subject Matter

2. Claims 1-10 are allowed over the cited prior art.
3. The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1, 2, 3, and 10, Cooper (US 5,335,265) discloses authorized use the cell phone which is monitored may be considered "monitoring the use of said particular unit to collect statistics concerning the use said particular unit over a time period having specific length", determine if there is more than a predetermined deviation between the use the unit during a second period of time, in that the use of the cell number in a geographical location impossible for the first user to arrive at in so short a time period will indicate fraud (columns 6-9). However, Cooper fails to teach or fairly suggest monitoring over a first time period of specific length to establish a normal usage pattern, and the second period having the same specific length as the first period.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
